

Recommendations to changes in the implicit curriculum and action taken, spring 2012

Recommendation Made	Action Taken
Have more students in the field come & speak to practice classes to give their experiences	Interns invited to speak in spring practice classes; will continue for fall practice courses.
Hold a workshop for information about graduate schools or future jobs	A workshop about graduate schools will be planned for fall semester 2012
Provide more materials & handouts during advising sessions	Written material regarding applicable minors will be distributed during advising sessions
Make advising meetings more like a meeting with a client (individualized plan)	Form developed with specific goals and objectives; shared with all faculty members; will be piloted & reassessed
