Eastern Lebanon County High School, PA.

## **Commentary on Learning with Taryn Showalter**

Mrs. Showalter has been my art teacher all four years of high school (besides Mr. Lucky, my pottery teacher). She has had a huge impact on my artistic career and talent level as she has been very supportive of my projects and work. She pushes me to work harder, and always helps me make my assignments better. Her constructive criticism has made me a better artist and is a huge factor that contributes to my art turning out so well. Not only has she been an influential teacher in my life, but she's also been someone I can confide in, and I consider her a friend in my life. Having a teacher, you can trust with the goings-on of your life is something that has been so nice during high school.

## **Artist Statement**

My name is Audrey Lovell, and I am a high school artist. When I have free time, I accept offers for commissioned artwork. My strongest media to work in is watercolor, but I'm proficient in acrylic, colored pencil, and drawing. I also love pottery! I've focused on art in school and in my personal life ever since I was very little. It's always been a passion and relaxing pastime of mine, that brings me a lot of peace and joy.
