

Emily Hamilton, Grasshopper

Chenango Valley High School, NY.

Artist Statement

I created the Teapot Set by throwing it on the potter's wheel, along with trimming and creating the spout. I bought high fire glazes from Clayscapes Pottery in Syracuse specifically for the Teapot and my current thrown works. The teapot is an example of my work at the high school level, I look forward to building even more skill and understanding at the college level. After graduation, I plan to go to Buffalo State College in the fall and get my B.A. in art history.
