## **Commentary on Learning with Mrs. Batson**

My teacher, Mrs. Batson has always given me constructive criticism that's helped me grow as an artist. Her classes have exposed me to a bunch of different projects that I wouldn't have been able to without her guidance, I've gotten much more confident in my art style and my themes.

## **Artist Statement**

I like to use bright, fun colors that are eye-catching. I've always been drawn to things that are colorful. I tend to draw a lot of my inspiration from music. And almost every piece I make has a song that it's based on.
