Commentary on Learning with Ms. Boyer

Well, I could simply say that it has helped me open more artistically. It takes time and Miss Boyer also understands those good things take time. She also pushes you to try more, be more creative, and try something completely different. She pushed me to create such a beautiful piece.

Artist Statement

This piece was inspired by nature; therefore, the name is *Mother Nature*. It started as a coil pot project, but I wanted to do more. I asked Miss Boyer if I could do more with my project, and she said yes. Now we are here, and this piece is to show us how we should appreciate nature. It also shows how beautiful nature can be.
