Commentary on Learning with Mr. States

Taking art classes with Mr. States has given me the skills and fundamentals necessary to express my individuality and allows for creative freedom. The projects that are assigned are always explained concisely with entertaining demonstrations. Each is brief and gives the class what we need to begin our projects. He encourages us to make pieces that are outside of the box and gives us the freedom to pursue interesting projects/approaches. He has been one of my biggest supporters and has helped to cultivate both my skill and creativity. That I am thankful for.

Artist Statement

My frog mugs are my obsession with frogs **infecting everything including my creative process.** I just **really** like frogs.
