

Jake Cogle, Grasshopper

Williams Valley High School, PA.

Artist Statement

In Ms. Boyer's class, I learned how to use a book to make art. We used a bunch of different materials to do art like newspaper, glue, Styrofoam, and toothpicks, along with other recyclable materials. I learned how to make three-dimensional shapes out of two-dimensional materials. To make my book I used a grid system and folded all the pages in the book so it would look like my name.
