## Why I Chose Macy Martin and Natalie Huss

I chose Macy and Natalie for showing in this competition because these are two students that are constantly working to achieve better, constantly pushing themselves to improve their artwork and their understanding of art. The projects that they were working on were both class assignments that went above and beyond the ordinary classroom expectation. Outside work and hours spent working at home turned the assignments both into stunning pieces.

## Artist Statement

Without the ability to actualize an idea or concept, art would not exist. My work is a constant search for the best way to interpret the ideas that I have about myself and the world that I live in. I do not limit myself to one medium, style, or concept. Each piece that I create is an extension from my past, where I've come from, and what I've learned, as well as a glimpse of my future and where I'm going.

I do not classify myself as a craft artist. I am a sculptor, a painter, a drawer, a photographer, an artist. If a viewer stops for a moment to reflect and ponder upon a piece I have created, then I have succeeded in my work.
