Why I Chose Kyle Kirsch and Evelyn Herczyk

I selected two students that I felt embodied the idea of what a grasshopper should be: hardworking, dedicated, and introspective. I selected Kyle Kirsch and Evelyn Herczyk as my grasshoppers for this year.

Kyle never ceases to amaze me. He always chooses complicated subject matter. I'm almost tempted to make other suggestions. He follows through, makes it look easy, and delivers perfection!

Evelyn is a perfectionist! She has a vision, and she is not going to stop until that vision comes to fruition. She always goes above and beyond expectations.
