

Nancy Rosario, Master

Cowanesque Valley High School, PA.

Why I Chose Sophia Koetter

All of Sophia's artwork is unique. She expresses her individuality in such creative ways. She takes her ideas one step beyond when communicating her thoughts into art. She is currently in my Draw and Paint class. I have especially been impressed by her work in graphite. This particular work was a graphite drawing with an emphasis created with color.

Artist Statement

This is my last year as an art teacher. Retirement will give me the opportunity to concentrate on my own artwork. I will focus on acrylic painting and jewelry making. After 27 years of teaching, I can truly say I have always loved teaching art. Students have actually inspired me in my own art.
