

August Sparatta, Grasshopper

Wellsville Jr/Sr High School, NY.

Artist Statement

I've been taking ceramics classes with Mr. Corwine for three years. I've definitely made a lot of improvement from where I started in my sophomore year, however, my work has always been my pride and joy. Good or bad, I've always held a special place for creating. I find a sort of serenity in being able to make nothing into something meaningful, and I see a connection between that and my future, as I go on to college for music. Sculpting and shaping my life ahead.
