Artist Statement

This is my first year having Mrs. Kies as my art teacher, and it has been a very good experience. I have gotten to try many new styles of art including working with clay, painting with watercolors, printmaking, and embroidery. Mrs. Kies' room is always fun and inviting, and she is very patient and knowledgeable.

My artwork is inspired by the Nazca lines that are located in a desert in Peru. There are many Nazca lines, but the condor really stuck out to me. I chose to use it as inspiration for my art project. To make this piece, first I made an embossing mold and then embossed it on watercolor paper. Next, I painted with watercolors. To finish it up, I embroidered in the details and framed it.
