

# Susan Pabody, Master

---

Elmira High School, NY.

## Why I Chose Jasmine Cook

I chose Elmira High School senior, Jasmine Cook, for the Master and Grasshopper exhibition because she has the characteristics of a lifelong artist. In my ceramics and advanced ceramics classes, Jasmine's work always went above and beyond the project requirements. Her craftsmanship and creativity are evident in every ceramic piece she creates.

## Artist Statement

My recent ceramic work is made of earthenware clay with terra sigillata, and oxide washes applied to the outer surfaces. Texture is added to my pieces with bisque stamps made from found objects. I enjoy the challenge of creating unique functional ceramic objects from simple materials.
