

Nancy Rosario, Master

Cowenesque Valley Junior Senior High School. Westfield, PA.

Why I Chose Trinity Hollenbach

Trinity is enthusiastic about art. She enjoys trying new things, and thinks outside the box. She puts a lot of thought into her work and creates unique and creative pieces. I feel her work is a reflection of herself. It has been enjoyable to watch her choose her own path. She always gives each piece 100% of her effort, from conception to glazing. When I opened the kiln to reveal this piece, I was thrilled. It solidified my decision to enter Trinity into this show.

Artist Statement

I can always remember having a need to create. Art has surrounded me all of my life. Both my mother and sister are talented artists and shared their interests with me. The process of creating art has been just as important to me as the final product. For me, creating is cathartic and gives me an outlet for my creative expression.

I graduated from Kean University with a degree in Studio Art and a Certificate to teach art. I earned my Masters Degree in Art Education at Mansfield University. I have been teaching art for Northern Tioga School District for the last twenty years. Bringing art to the lives of young people is very rewarding. Art has been a constant joy in my life ever since I can remember. I hope I can share some of that joy with you through my artwork.
