Requestor Instructions

This form is to be used for project requests such as an installation of a new feature, a change in structure of current facility space, or removal of a feature. A project is not work completed to maintain the conditions of the facility and its current features.

1. Complete the form by entering the date, requestor's name, department, VP division, contact person, phone number with extension, Department Chair, Dean or Director's name, the building name, floor and room number and a title for the project.
2. In the Project Description section enter a detailed project description, additional pages can be attached if necessary.
3. The Justification of Need section is for VP Division and/or funding approval, please give a detailed justification of why the projected is necessary.
4. Enter a desired completion date.
5. Check yes or no, does this request affect space ownership or use?
6. If you checked Yes for number five forward the request to the Chair of Space and Facilities Committee for a signature approval, once your approved request is returned proceed to number seven.
7. If you checked No for number 5, submit the request to your department chair, dean or director for signature approval.
8. Once the department chair, dean or director has approved the project, the request must be submitted to the VP of your division for approval.

If your project is approved the VP Division representative will submit the request to Facilities Management electronically.

To check on the status of your project request:

- Contact your department chair, dean or director first.
- If the department chair, dean or director has signed off and the request is now with your VP division, contact your VP division second.
- If you your VP division has approved and submitted your request you will need to contact Planning and Construction for information on what stage of the process your project is in.

VP Division Approval and Submission Process

1. Provide your approval for the evaluation/review/estimate for the project request. If the project is small, and no estimate is necessary, please note that no estimate is necessary in the electronic submission comments area.
2. Submit the Project Request Electronically to Facilities Management through the work order system using the project request option. You will need to provide a funding source for the project at this time. Attach the project request and any additional documentation electronically to the request.

For further information please contact the Work Order Coordinator at 570.389.4586.
