Commonwealth University - Mansfield is a state-owned institution of higher education and is a member of the Pennsylvania State System of Higher Education (PASSHE). The main campus is located within Tioga County, which is in northcentral Pennsylvania and within the Borough of Mansfield, Pennsylvania (Mansfield Campus). The full time equivalent (FTE) students and employees for calendar year 2022 was 1,793, which included 1,477 students and 316 employees. Students enrolled at this campus may choose to reside in one of four on-campus residential facilities located there.

The Department of Health Sciences at Commonwealth University – Mansfield is in a collaborative program for Nursing, Community Health Education, Radiologic Technology, Respiratory Therapy, and Nutrition with the Robert Packer Hospital, and is located within Bradford County, which is in northcentral Pennsylvania and within the Borough of Sayre (Sayre Campus). Students in the academic programs at this campus at this may choose to live in an on-campus residential facility, Patterson Hall, which is adjacent to the hospital within the confines of their campus. During the year 2022, 73 of our students attended the Sayre Campus, 18 of which were housed in Patterson Hall.

Commonwealth University - Mansfield owns two (2) off-campus properties within the borough of Mansfield, which are not immediately adjacent to the main campus. One of those properties is located at 18 North Main Street, and housed a business which leased the property from the University. This is not a residential property and does not house any students nor contain any campus offices. The second property, located at 306 East Elmira Street, is the water treatment plant for the University and is staffed by a University employee during regular business hours.

As a recipient of Federal Title IV student financial aid, Commonwealth University - Mansfield is required to adhere to The Jeanne Clery Disclosure of Campus Security Police and Campus Crime Statistics Act (The Clery Act). One of the provisions in the Clery Act is for all postsecondary institutions receiving federal Title IV financial aid to publish an annual report disclosing campus security policies and the three (3) most recent years of selected crime statistics.

Although crime occurs everywhere, fortunately the majority of faculty, staff, students, and guests will never experience crime on the Commonwealth University - Mansfield campus. Commonwealth University - Mansfield has implemented procedures and offers programming to enhance campus safety and increase awareness, emphasizing the prevention and reporting of crimes to various authorities. A campus community that is informed, aware, and alert is the best prevention to campus crime. Furthermore, a campus community promotes safety and security by encouraging reason and caution and by employees, students, and guests to report crimes to the appropriate authorities.

The University Police Department is committed to helping provide a safe environment in which to live, learn, work, and enjoy the campus community. The information contained in this Annual
Security and Fire Report is made available and is distributed as required by statute to all new and prospective students and employees, their families, as well as all current members of the campus community. This report is prepared by the University Police Department, with the cooperation of various local law enforcement agencies and campus offices. It is our hope that this report will increase your awareness of the potential for crimes to occur, as well as to inform you of the steps we take to enhance safety. If you have any questions, concerns, or suggestions about our department, or about compliance with federal or state laws, please contact the Chief of Police at 570-662-4900.

The University Police Department is responsible for providing security to the main campus. Security on the Sayre Campus is provided by Safety & Security personnel of the Guthrie Health System at the Robert Packer Hospital.

GEOGRAPHIC LOCATIONS

Commonwealth University - Mansfield is required to report Clery designated crime statistics and issue timely warnings for those crimes that represent a severe and continuing threat that occur in the following geographic locations: on campus, public property, and non-campus buildings and property.

ON CAMPUS – Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and any building that is within or reasonably contiguous to the preceding paragraph of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as food or other retail vendor).

Commonwealth University - Mansfield campus buildings and property on the main campus would be included as on campus.

PUBLIC PROPERTY – all that property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to, the institution’s educational purposes. Commonwealth University - Mansfield has no non-campus buildings or properties.

REPORTING PROCEDURES FOR CRIMINAL ACTIONS & EMERGENCIES

On April 5th, 1986, Jeanne Clery, a young woman attending Lehigh University, was brutally attacked and killed in her dorm room. Through lobbying efforts by her parents, Congress passed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The Clery Act, as it has become known, requires that all universities make the campus community and general public aware if certain crimes occur on campus through an annually released crime report.

The Clery Act requires that all reported incidents of murder, manslaughter, forcible and non-forcible sex offenses, domestic violence, dating violence, stalking, robbery, aggravated assault, burglary, motor vehicle theft, and arson that occur on campus or on property contiguous to campus be included in the annual report. If a victim of a crime which occurred on campus informs University Police that he/she does not wish to have University Police investigate, University Police will provide the victim with contact information for another appropriate law enforcement agency to investigate.

On March 7th, 2013, when the Violence Against Women Act was reauthorized, the Clery Act was expanded. It now requires that all instances of relationship violence, sexual assault, and stalking that occur on campus be part of the crime report. This allows everyone to know the number of crimes that are occurring on or near campus. The Clery Act does not require anything other than a number be reported; these numbers are based on both the confidential and formal reports that are made. Information on how the Violence Against Women Act changed the Clery Act can be found at this link: http://www.acenet.edu/news-room/Documents/VAWA-Summary.pdf

Title IX was designed to make sure that everyone has equal access to an education, free of coercion and harassment. Sexual assault, relationship violence, and stalking hinder an individual’s ability to reach their educational potential. All incidents of sexual assault, relationship violence, and stalking that are reported to University Police must then be reported by police to the Title IX Coordinator, so they cannot be held in confidence. All incidents of these crimes must be reviewed. The Title IX Coordinator will respect a complainant’s request not to investigate, but must (by law) inform the complainant of his or her rights. Information on the Title IX Office is as follows: 400 East Second Street, Bloomsburg, PA 17815, (570) 389-4808 or (570) 389-4063. For Title IX violations, go to https://www.commonwealthu.edu/title-ix

The Higher Education Opportunity Act (HEOA) specifies campus safety requirements in the following areas: hate crime reporting and emergency response and evacuation procedures required of all Title IV institutions, and missing student notification and fire safety issues required of any Title IV institution that maintains an on-campus student housing facility.

All members of the campus community are strongly encouraged to report crimes to the University Police Department on the main campus, or Sayre Borough Police at the Sayre Campus.
provides for the crime to be included in the Annual Security and Fire Report and enables campus authorities to determine whether a timely warning or campus alert should be broadcast to the campus community. A variety of University employees MUST report promptly and accurately any incidents of these specified crimes to campus law enforcement authorities; these employees are known as Campus Security Authorities (see page 11). All members of the campus community are required to notify the University Police Department when any event or incident involves a dangerous situation or significant emergency that constitutes an immediate or ongoing threat to the health and safety of any person on campus.

The following information is provided for procedures to follow if you become aware of any of the crimes specified. Definitions for the applicable crimes appear under item MU Crime Statistics Report on pages 43-44.

Commonwealth University - Mansfield advises all student and employees, through handbooks, orientations, presentations, and electronic and direct mail, to report all incidents, emergencies, crimes or potential safety hazards promptly to the University Police Department by

1. Calling the Department’s 24-hour police line at 570-662-4900
2. Using the emergency blue light phones www.mansfield.edu/police/blue-light-phones/index.cfm
3. E-mailing police@mansfield.edu
4. Appearing in person to the Department at 104 Doane Center on the main Mansfield campus.

Incidents occurring off-campus should be reported by calling 911, and to the University Police Department when appropriate.

Emergencies at the Sayre campus should be reported by calling 911, and notifying Guthrie Safety and Security by calling 570-887-4207 when appropriate.

If you learn from a victim or witness that a crime has occurred on campus, or contiguous to campus, encourage them to report the incident to the University Police Department at 570-662-4900. If the crime occurred off-campus the University Police Department will also assist you or the victim or witness with contacting the appropriate law enforcement agency. If the crime has occurred on the Sayre Campus, please notify the Sayre Borough Police Department by calling 911.

It is critical that accurate information about criminal activity on or adjacent to campus be available and provided to members of the campus community. Your cooperation in these efforts is appreciated. If you have any questions about reporting a crime, or your obligations to report, please contact Chief Jeffrey Perry at (570) 662-4900, or via electronic mail at jperry@commonwealthu.edu.

Commonwealth University - Mansfield has policies and procedures in place to facilitate the initiation of a complaint by any member of the campus community against any other individual(s) for behavior that they deem inappropriate and in violation of university policy and/or criminal statutes.

Specific policies and procedures are found here regarding student code of conduct. https://www.commonwealthu.edu/documents/cu-student-code-conduct
For harassment and discrimination policies, see:
https://www.commonwealthu.edu/prp-4789-harassment-and-discrimination-policy

Commonwealth University - Mansfield has established a CARE Team that assists in identifying at risk individuals who display disruptive or threatening behaviors that have the potential to endanger their own or others’ safety. Any person observing these behaviors, or having concerns about another individual in this regard may report the incident to University Police at 570-662-4900 of on-line via this link: https://cm.maxient.com/reportingform.php?MansfieldUniv&layout_id=11

Any individual who is subject to any form of behavior that they deem to be contrary to university regulations is strongly encouraged to report such behavior to the University Community Conduct Officer at 326 Alumni Hall Student Center or by calling (570) 662-4936. Violations of university policies and/or crimes that occur in the residence halls can be reported to the Resident Director for the respective building in which the incident occurred, in addition to reporting to University Police at 570-662-4900. These reports can also be filed online via this link: https://cm.maxient.com/reportingform.php?MansfieldUniv&layout_id=0

Victims or witnesses reporting crimes on a voluntary confidential basis to non-police persons, such as University Counseling Center counselors or Campus Ministers, are encouraged to report to the incident to the University Police Department so that these crimes can be included in the Annual Security and Fire Report. If they do not wish to report to the matter to the University Police Department, the counselor may do so on their behalf, but the identities of the victim(s) are not divulged to police.

When a crime is reported to the University Police Department, an officer is assigned to investigate. University Police Officers can only investigate incidents that occur on-campus. If a student, staff member, or visitor reports a crime to the University Police Department that did not occur on-campus, the University Police Department will assist that person in contacting the appropriate law enforcement agency having jurisdiction for the location in which the crime was reported to have occurred. It is prohibited for any person to retaliate, intimidate, threaten, coerce, or otherwise discriminate against individuals in connection with the implementation of the Clery Act.

VICTIMS’ RIGHTS AND OPTIONS

Regardless of what a victim chooses to do in pursuing a criminal complaint or whether the alleged offense occurred on or off campus, the University will assist victims of sexual assault, domestic violence, dating violence, and stalking, and provide each victim with a written explanation of their rights and options. Such written information will include the procedures victims should follow if a crime of dating violence, domestic violence, sexual assault, or stalking has occurred, including:

- information about how the institution will protect the confidentiality of victims and other necessary parties
- a statement that the institution will provide written notification to students and employees about victim services within the institution and in the community
- a statement regarding the institution’s provisions about options for, available assistance in, and how to request accommodations and protective measures
- an explanation of the procedures for institutional disciplinary action.
Commonwealth University - Mansfield complies with Pennsylvania law in recognizing orders of protection by advising any person who obtains an order of protection from any state within the United States to provide a copy to the University Police Department and to the Office of the Title IX Coordinator. A complainant may then meet with the police to develop a safety action plan, which is a plan for university police and the victim to reduce the risk of harm while on campus or traveling to and from campus. This plan may include, but is not limited to, escorts, special parking arrangements, changing classroom locations, or allowing a student to complete assignments off-campus. Other options may be available for a student on a case by case basis as the University determines what other measures may be taken.

The University cannot apply for a legal order of protection/protection from abuse (PFA) from the applicable jurisdiction(s). The victim is required to apply directly for these services and can be assisted by University Police if desired. To obtain a PFA order, Monday – Friday between 8:30 a.m. and 2:00 p.m., the victim must go to Tioga County Courthouse, 118 Main Street, Wellsboro, Pennsylvania. To obtain a PFA after 4:00 p.m. on weekends or holidays, the on-call Magisterial District Judge can issue an emergency PFA. The victim should call 911 or their local police department to arrange for notification of the on-call Magisterial District Judge. The emergency PFA is valid only through the close of the next business day.

UNIVERSITY POLICE DEPARTMENT REPORTING CRIMES TO LOCAL AND STATE POLICE

Crime reports and arrest information for offenses which occur on campus as required by state criminal history record retention laws are reported on a monthly basis to the Pennsylvania State Police for use in the Uniform Crime Report.

TIMELY WARNINGS AND CRIME ALERTS

It is the University’s policy to be open with students and employees about incidents occurring on campus that could be potentially dangerous to the campus community. When a Clery Act crime is reported to University Police or to a campus security authority, is considered by the University to represent a serious or continuing threat, and occurred on or within the University’s Clery geography, a timely warning is approved by the President. The Clery geography is defined as the core campus boundaries, which includes on university owned or controlled property on campus and public property that is within or immediately adjacent to the campus.

The purpose of timely warnings and crime alerts is to notify the campus community members about crimes that have occurred on campus or on non-campus property or public property where it is deemed that the incident may pose a serious or ongoing threat to the campus community members. These reports shall be provided to students and employees in a manner that is timely, that withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences.

Depending on the particular circumstances of the threat such as severity, location, type of incident, and ongoing nature of the threat, the information may be disseminated using news releases to the campus newspaper, The Flashlight, campus mail, campus radio station announcements, residence hall and floor meetings, campus e-mail, and crime alert postings throughout the residence halls, academic buildings, library, dining hall, and student center when appropriate, and/or activation of the University emergency notification system. Crime alerts will be posted on the University Police
webpage for a minimum of 60 days. More information on this policy can be found here: 

During an on-campus emergency, persons have the option of calling 911 or University Police at 570-662-4900. University Police maintain direct contact with Tioga County Emergency Communications through phone and radio. Campus community members can subscribe to the Campus Alert messaging system to receive voice and text messages on their mobile devices and phones by going to this page http://www.mansfield.edu/environmental-health-safety/

CAMPUS SECURITY AUTHORITIES

As required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, or Clery Act, colleges and universities must annually compile and publish crime, fire and security information about their campuses. Under this law, “campus security authorities” are mandated to report crimes brought to their attention for inclusion in Commonwealth University - Mansfield’s Annual Security and Fire Safety Report.

If you or someone who reports to you is listed on the distribution list below, you are a “campus security authority” as that term has been defined by the United States Department of Education. Campus Security Authorities are those individuals with campus security responsibility, those individuals designated by the campus, and those individuals with significant responsibility for students or campus activities, such as:

- Associate Vice President Student Life
- Dean of Students
- Associate Vice President Student Affairs
- Judicial Conduct Officer
- Director of Student Activities
- Coordinator of the Women’s Center
- All Resident Assistants, Residence Directors, Graduate Assistants in Residence Life, Associate Directors of Residence Life and Housing
- Office of Housing & Residence Life
- Office of Human Resources
- Advisors to Student Organizations
- Faculty, staff and administrators with student employees
- Athletic Director and all Coaching Staff
- Director of the Kelchner Fitness Center
- International Student Services
- Coordinator of Greek Life
- Study Abroad Programs
- Alumni Relations
- Registrar
- University Police Officers and Campus Security Officers
- University Building Monitors and Student Staff for Special Events

If the victim or witness is not willing, elects not to, or is unable to report the crime to the police, you MUST inform them that, as a Campus Security Authority (CSA), you are required by law to report the incident to the University Police. You are not required to provide the name of the
victim(s) or witness(es) to the police. Your report should include the date, time, location, and a detailed description of the incident. University Police will then include the information in the annual security report.

CONFIDENTIAL REPORTING

Victims, witnesses or persons with relevant information regarding an incident may report to University Police confidentially through the Chief of Police, Residence Life and Housing, the Counseling Center, Title IX Coordinator or Deputy Coordinator, or any other university official, for the purposes of investigation, verification, informing the campus community, resolution, or statistical recording. The purpose of the report is to comply with the wish to keep the matter and identity of the victim(s) confidential, as much as possible under the individual circumstances of the case, while taking steps to insure the future safety of the person(s) involved. This information enables the university to accurately record and report the incident to the community through the Annual Security and Fire Report, e-mail alerts, and campus postings so the community can be aware of the potential for danger.

Individuals who wish to make a confidential or anonymous report may do so by contacting a staff member in the offices listed above. Please be advised that the University may not be able to guarantee absolute confidentiality, based on the need to take possible action to preserve the safety of others. Reports made by pastoral or professional counselors, while acting in their counseling role, are afforded confidentiality under the law, but these professionals are encouraged to make voluntary reports to University Police for the sake of a secure and safe campus environment. The University encourages pastoral and professional counselors, if and when deemed appropriate, to inform persons they are counseling of any procedures to report crimes on a voluntary and confidential basis for inclusion in the Annual Security and Fire Report.

OFF-CAMPUS BEHAVIOR & UNIVERSITY RELATIONSHIP WITH LOCAL AND STATE POLICE

The University works cooperatively with local and state police agencies to monitor and record reports of criminal activity at any off-campus location where the primary occupants are students who are members of a recognized student organization. The university also reserves the right to take disciplinary action against students for violations of Commonwealth or Federal laws, regardless of where such actions occur, if the actions adversely affect the mission of the university or the health, safety, or welfare of members of the university and local community.

Commonwealth University - Mansfield expects that students will conduct themselves at off campus locations in the same way as they do on campus, that is, with the highest respect and consideration of others. University Police work closely with all local, state, and federal law enforcement and other related agencies to preserve the safety of the surrounding communities, assisting those agencies with the sharing of demographic information and through the participation in investigations of various incidents, to maintain a positive relationship regarding the behavior of all students living off campus.

If a Commonwealth University - Mansfield student is involved in an off-campus incident, University officers are often requested to assist other agencies with information or participation in the investigation. Additionally, the University also works with surrounding jurisdictions relating to recurrent noise complaints to the satisfaction of those residing in areas adjacent to campus.
Commonwealth University - Mansfield also maintains a close working relationship with local schools and other institutions of higher education, so any on-campus incidents involving students or guests from those schools are properly addressed by the appropriate authority.

**DAILY CRIME LOG**

The Clery Act requires that the community be informed about selected crimes that occur on campus. One way that the University Police Department accomplishes this is through the daily crime log. The daily crime log is available to any person requesting it 24 hours a day at the University Police Department, 65 Clinton Street, Doane Center 104, Mansfield, Pennsylvania. The most current 180 days of incident information is available on-line at [http://www.mansfield.edu/police/press-releases.cfm](http://www.mansfield.edu/police/press-releases.cfm) and in person at the offices of the University Police Department. Upon request, the log is available for immediate viewing; logs older than 180 days will be made available for viewing within 48 hours of request.

The Daily Crime Log records all criminal incidents and alleged criminal incidents that have been reported on campus or on public property immediately adjacent to and accessible from campus, and crimes that occurred within the patrol jurisdiction of the campus police. The daily crime log contains all crimes reported to the University Police Department regardless of the classification of the crime. Officers are required to complete a news release form on every crime that is reported. The release includes information on the nature, date, time, general location, and disposition of each crime. New information about a log entry is also recorded in the log no later than two business days after the information has become available to the department, and is designated as an update to the original entry. Examples of this would be if criminal charges are not immediately filed but are at a later date pursuant to the outcome of an investigation. Daily crime logs do not include identifying information for victims.

The University Police Department reserves the right to exclude reports from the crime log in certain cases where there is clear and convincing evidence that the release of such information would jeopardize an ongoing criminal investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence, until that damage is no longer likely to occur from the release of such information.

**FIRE LOG**

A fire log is available to anyone to view 24 hours every day at the University Police Department, 65 Clinton Street, 104 Doane Center, Mansfield, Pennsylvania. The fire log contains information about fires that occurred in residence halls, and includes the location, date, time and general information for any fire(s) that were reported.

**EMERGENCY PHONES – MANSFIELD CAMPUS**

There are 24 emergency “blue light” phones located throughout campus. Pressing the red emergency button on any of the phones will activate the blue strobe light atop the phone and immediately connect the caller to the Tioga County 911 Emergency Services Communications Center. The exact location of the phone will be relayed to the University Police Department when a call is received by the 911 Center, and a University Police Officer will be sent to the location of the
activated emergency phone. The telephones may be used for any emergency; however misuse of
the phones may result in criminal prosecution.

ENHANCED 911 PHONE SYSTEM

The enhanced 911 system on campus facilitates prompt fire and ambulance response to campus.
When dialing 911 from any campus phone, the Tioga County 911 Emergency Services
Communications Center will be able to display the specific location (building and room number) of
the campus caller. This system does not work with wireless cellular phones. When the Tioga County
911 Emergency Services Communications Center receives a 911 call from a campus location, they
will dispatch appropriate fire and/or ambulance service. The Communications Center will also then
contact University Police regarding the location and nature of the emergency call, and University
Police will also respond.

Minors policy all University employees, student workers, and volunteers are required to have
criminal background screening clearances in accordance with applicable procedures, standards,

3. A report of federal criminal history record information. A full set of fingerprints must be submitted to the PSP to obtain this report.

Before being allowed to use or lease university facilities, program administrators and/or independent contractors of non-university-sponsored programs, or non-university groups and/or independent contractors providing services to university-sponsored programs are required to certify that they have conducted criminal background checks and determined the fitness of all authorized adults and program staff.

The Department consists of a full-time commissioned director, 9 full-time commissioned officers, 1 full-time security officer, and 1 part-time clerk. All police officers have completed the required training or equivalent of the Pennsylvania Municipal Police Officers Training Academy (Pennsylvania Act 120).

In November, 2022 Act 121 of 2022 placed police officers at PASSHE Universities, including those at Commonwealth University – Mansfield, under the authority of the Pennsylvania Municipal Police Officers’ Education and Training Commission (MPOETC) for police certification, commission, and training. All officers are required to maintain certifications in CPR (including the use of automated external defibrillators), firearms, and annual Act 180 mandatory in-service training through the
Municipal Police Officers Education and Training Commission or the Pennsylvania Chiefs of Police Association.

Complete background investigations are made on all applicants considered for University Police Department employment, including Pennsylvania State Police records and personal reference checks. The police department is open and staffed 24 hours each day of the year. The Department officers patrol campus on foot, as well as in two marked and one unmarked police vehicle.

Guthrie Safety & Security provides security for the Sayre Campus. Two security officers are on duty on the Sayre Campus at all times. The Sayre Borough Police Department provides police services for the Sayre Campus.

The University Police Department strives to work with our students and staff to keep the university a safe place to live and learn and work; to welcome visitors and ensure their stay is enjoyable; to protect life and property; and to reduce the opportunity for crimes to occur on campus. The University Police Department has adopted a Community Oriented Policing approach in all campus buildings on all shifts to provide high officer visibility and access. These regular foot patrols act as a deterrent to criminal activity and enable students, staff, and visitors to get to know the officers.

University Police have full police powers granted by the Commonwealth of Pennsylvania through the Municipal Police Officers’ Education and Training Commission Police matters on campus are handled by the department, including investigations, arrests, and resulting arraignments and court actions. Reports to state and local police are not required.

University Police Department officers may also initiate on campus judicial referral for criminal violations and/or violations of the Student Code of Conduct, found here: [https://www.commonwealthu.edu/documents/cu-student-code-conduct](https://www.commonwealthu.edu/documents/cu-student-code-conduct)

University security officers have the responsibility for dispatching police officers to routine and emergency calls, and assist with security at special events. These officers can enforce University policies and may detain individuals for violations until custody can be transferred to a University police officer. Security officers are non-commissioned, have no power to arrest, and are not armed. The University Police Department maintains a 24-hour operation to answer calls for assistance. When a call comes into the department, a police officer or other appropriate staff member is dispatched to the location of the incident. When a crime is reported, a police officer is dispatched and responds to investigate as to the nature of the crime. If a student is arrested as a result, in additional to any local court proceedings, a judicial referral is sent to the Campus Community Conduct Officer for any applicable violation of the University student code of conduct. Students can be held responsible for their actions, under the student code of conduct, for incidents that occur both on-campus and off-campus.

**Sayre Campus:** To report a crime on the Sayre Campus contact the Sayre Borough Police by calling 911. The Sayre Borough Police Department is located at 234 South Lehigh Avenue Sayre, PA 18840.
RELATIONSHIP WITH LOCAL AUTHORITIES

In emergencies or at the request of the University Police Department, the Pennsylvania State Police and local police are contacted for assistance. There is a reciprocal working relationship among the campus, state and local police agencies. The University Police Department is a member of the Tioga County Law Enforcement Group and attends regularly scheduled meetings to share information among the members to enhance safety and successful investigations leading to prosecutions for criminal activity.

Under the provisions of the Municipal Police Officer Jurisdiction Act, university police officers may investigate crimes outside campus jurisdiction under certain conditions.

SUBSTANCE ABUSE

The use and/or sale and/or possession of alcoholic beverages, the use, possession, manufacture, sale, or distribution of drugs, the possession of drug paraphernalia and controlled substances prohibited by law are prohibited in the residence halls or anywhere on campus. The exception to this policy is limited areas, within campus residence halls, where alcohol possession and consumption is permitted by those who are 21 years of age or older. The University Police Department enforces the underage possession, consumption, transportation, or sale of alcoholic beverages by persons under the age of 21 through the issuance of citations or filing of criminal charges, and the filing of judicial referrals with the University Judicial Officer. Contact of parent or legal guardian for alcoholic beverages violations of law, as required by Pennsylvania law, is performed by the University Police Department. University police officers investigate on campus incidents of use, sale, or possession of controlled substances and file appropriate criminal charges as well as on-campus judicial referrals.

Commonwealth University - Mansfield is an active member of the Network of Colleges and Universities committed to the elimination of drug and alcohol abuse. The standards of the network have also been adopted by the Board of Governors of the State System of Higher Education as policy for all state universities. The University has the responsibility to provide a drug free environment where the use of alcohol and other drugs do not interfere with learning. Persons violating this prohibition will face university disciplinary sanction, and/or arrest by the University Police Department. University disciplinary actions will include an educational component to encourage the individual’s acceptance of the responsibility for his/her own choices and behavior.

Commonwealth University - Mansfield will educate and provide information to the campus community for the purpose of preventing the abuse of alcohol and other drugs. The university will also provide counseling and referrals for persons with alcohol or other drug problems. The university has a comprehensive drug and alcohol education program that begins during the orientation program prior to starting school. It includes an educational component for policy violators. Residence hall programs are offered throughout each semester as needs arise. The staff is trained to identify students with potential problems and is made aware of referral resources on campus.

A comprehensive brochure, The Drug Publication, by the Office of Drug and Alcohol Education in 326 Alumni Hall, is provided annually to all students and staff. This publication contains an overview of all appropriate campus policies, programs and assistance opportunities related to the
use of drugs/alcohol. You may access this publication at the following link: https://www.mansfield.edu/policies-procedures/upload/MUDAAPP.pdf

For additional information, the Office of Drug and Alcohol Education can be contacted at (570) 662-4936.

WEAPONS

The possession or use of explosives, firearms, weapons, and/or ammunition of any type in the residence halls or anywhere on campus is strictly prohibited. All firearms, weapons, and ammunition brought to campus for hunting purposes must be registered through the University Police Department Office and stored in the University Police Department.

STUDENT LIVING AND RESIDENCE HALL ACCESS

On the Mansfield campus housing is available for approximately 1,300 students in four different residence halls. There are five available room/suite configurations, which include both 2 or 4-person suites and semi-suites. Graduate students are housed with undergraduates and gender-neutral housing is also available. On the Sayre campus student housing is available in Patterson Hall.

All residence hall doors are locked 24 hours a day. Cameras monitor the elevators, entrances, exits, and corridor access points to all residence halls. A card access system controls all entrance doors. Only persons possessing cards programmed for building entrances may enter. Student Living Staff regularly tour the buildings to check that locked doors are not propped open. A security system monitors all entrance doors, and doors that do not latch properly or are propped open cause a signal to be sent along with the activation of an audible alarm. Each student residence door is equipped with a locking device and a peephole. University Police Officers also check exterior building doors during their patrols.

Guests may stay in university residence halls only when sponsored by the residence hall student that is hosting them. The host is responsible for informing the guest of university security policies and procedures and is always responsible for the behavior of their guest(s) and face disciplinary action themselves if their guest(s) cause any problems. All guests must be escorted/accompanied by a resident of a university residence hall at all times and are only allowed in specified areas.

All students are expected to contribute to a safe and secure environment by reporting suspicious behaviors or persons to The University Police Department or Student Living Staff. In addition, resident students are asked to report unescorted visitors to The University Police Department or Student Living Staff and to deny access to unauthorized persons.

Ground level windows and doors are equipped with locks. Repair requests for window and door locks are considered emergency requests and are given top priority. When a lost/stolen room key is reported, a lock change is ordered. All lost or stolen keys should be reported to a Student Living Staff immediately.
Employees assigned to student housing facilities include:

**Assistant Residence Director of Residence Life (ADRL)** – These are fulltime professional staff members responsible for the daily operation of the residence halls. They receive training in enforcement of security policies and procedures and train their subordinates. This training includes handling emergencies, fire safety, escort policy, guest procedures, repair procedures, confrontation training, and expectations of students and student workers.

**Resident Assistants** – These are student staff members responsible for an individual floor in a residence hall. They also receive extensive training in security policies and procedures as do the Residence Directors and Head Resident Assistants.

**Custodial Staff** – These are individuals employed by an outside contractor and receive no official training from the University. They are required to wear identification and be in residence hall areas only during specified times.

**Facilities Maintenance Staff** – These are University employees who have been informed of security policies and procedures.

During low occupancy periods such as holidays and vacations, a limited number of students are permitted to stay on campus. When possible, they are reassigned to a single residence hall for the holiday period. All other residence halls remain locked, and residents do not have access to these buildings during the holiday period. Both Student Living Staff and University Police Officers inspect all residence halls with extra tours scheduled for the occupied hall(s).

During summer sessions, participants of conferences, camps, and workshops occupy campus residence halls. These participants are placed in different buildings than regular summer session students and are not permitted in other residence halls. If they must be housed in the same residence hall as students, they are not permitted on the floors occupied by students.

**EDUCATIONAL PROGRAMS**

The Student Living Staff provide security policies and procedures information to all residence hall students at the mandatory floor meetings at the beginning of each semester, as well as in the Residence Hall Handbook and Code of Conduct. Off-campus students and staff receive information about security procedures through the Code of Conduct and through informational programs and campus postings. Student Living Staff hold follow-up discussions and programs throughout the semester. Program topics include, but are not limited to, sexual assault, rape, acquaintance rape, domestic violence, dating violence, and stalking awareness and prevention, personal safety, theft prevention, and alcohol/drug awareness and the drug and alcohol policy, building security, fire safety, and the campus safety shuttle. Presentations on these topics are made throughout the academic year and are sponsored by Student Living, The University Police Department, the Environmental Health and Safety Coordinator, the Women’s Center, the Office of Academic and
Human Development, the Title IX Coordinator, and the President’s Commission on the Status of Women. Representatives from The University Police Department provide presentations at new student orientation sessions each summer. Information is also announced on the campus radio station and at residence hall floor meetings when warranted. Signs are posted throughout the residence halls reinforcing security policies and procedures. The Annual Security and Fire Report is updated and distributed annually to all students, and contains security policies and procedures, and procedures for emergencies and evacuations.

The University Police Department and the Student Government Association sponsor a “Safety Walk,” which is composed of staff and student representatives, along with a University Police Officer. This group documents areas in need of improved lighting and replacing or changing landscaping that could conceal criminal behavior. Recommendations for repairs or renovations from the Safety Walk receive priority by the Facilities Management Department.

PROGRAMS TO PREVENT DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT & STALKING

Annually, the Social Equity Office and the Women’s Center offers programs to educate and prevent violent sex offenses, including sexual assault, rape, stalking and other types of relationship violence. Programs include nationally recognized personalities presenting lectures on domestic violence and positive imagery for women; special programs focused on sexual violence prevention such as the “Red Zone” and the “Red Flag” programs, the “Pink Ribbon” campaign to promote healthy relationships, “Women’s Day of Dialogue” to build awareness of sexual violence, and the “National Day of Silence” to encourage bystander intervention. In addition, faculty collaborate with the Women’s Center office in developing widely distributed publications focusing on sexual violence issues and presentations in the classroom.

The University has established campus-wide committees such as the Behavioral Intervention Team and the Title IX team which ensure preparedness for reported incidents of sexual violence and review policies and training materials.

Students may report a sex offense to the University Police Department and/or the University’s Title IX Coordinator who is responsible for ensuring compliance with Title IX requirements. Specific information for Title IX is available at http://www.mansfield.edu/title-ix/.

RESPONSIBILITY

The safety of students, staff and visitors to the Commonwealth University - Mansfield campus is paramount. Each of us needs to work cooperatively to enhance the safety of our campus by securing personal property and following personal safety guidelines.

- Subscribe to receive campus emergency alerts via your cell phone.
- Be aware of your surroundings at all times.
- Report suspicious persons and behavior to university officials or police.
- Do not share personal information over the phone or your computer.
- Lock your residence hall room door at all times when sleeping or whenever you are outside of your room.
• Lock office doors when out of your office.
• Let the University Police Department know when you are working alone in your building or office outside of normal business hours.
• Familiarize yourself with the location of the emergency phones.
• Use The Mountie Express or the safety escort to avoid walking alone at night or in unfamiliar locations.
• Utilize the University Police Department’s Operation ID program to engrave and record serial numbers of valuables; lock vehicles at all times and secure valuables out of sight or in the trunk.

For more tips, visit the University Police Department website at http://mansfield.edu/police/student-safety/.

ACCESS TO FACILITIES/GROUNDS

Most University facilities are open to the public during normal business hours. All individuals accessing University facilities are subject to all federal and state laws, as well as University policies and regulations. Academic buildings are locked by University Police officers daily and are closed between the hours of 10 p.m. and 7 a.m. Unauthorized persons are not permitted in the buildings during these hours. Individuals needing access after normal business hours can request special access from the department or building chairperson. The University Police Department maintains a list of these individuals along with a key sign out log. Proper identification must be presented to The University Police Department for key issuance and admittance to the closed buildings.

Access to university facilities and programs is restricted to university persons except for special programs. Facilities and events open to the public are so advertised.

The maintenance of campus facilities provides for the regular upkeep of grounds and buildings to promote safety: snow/ice removal, replacement/repair of defective lighting, and removal of safety hazards. The University Police Department reports unsafe campus conditions related to grounds/facilities to the Facilities Department for immediate attention.

SEXUAL ASSAULT POLICY & PROCEDURES

According to the Higher Education Amendments of 1992, a sex offense is defined as “either a forcible or non-forcible sexual act directed against another person, against that person’s will, or where the survivor is incapable of giving consent, and may include rape or acquaintance rape.”

Because Commonwealth University - Mansfield seeks to provide an environment that protects the rights and well-being of everyone on campus, in an atmosphere of mutual respect among all, the university will not tolerate sexual assault against any person by a member of the university community. Judicial action may be taken by the university’s judicial system, whether or not action is pursued under the Commonwealth’s criminal or civil codes. Severe penalties may be imposed by the university judicial system including, but not limited to, removal from university housing and suspension and/or expulsion from the university, and may be imposed by the university judicial system.
Commonwealth University - Mansfield encourages men and women to take the initiative in stopping sexual assault on campus. Victims however are not required to resist the perpetrator in any manner and are in no way at fault if they fail to avoid the assault. Using drugs and alcohol greatly impairs the ability of persons to make sound judgments. Therefore, persons under the influence of drugs and alcohol are deemed incapable of giving consent. Persons accused of sexual assault cannot use being under the influence of drugs or alcohol as an excuse or defense.

Because the university recognizes that sexual assault can cause severe physical and/or emotional trauma for the victim, the victim is advised that there are various resources available. These include:

*ALL COUNSELING SERVICES ARE CONFIDENTIAL*

**CONSENT**

The Pennsylvania Crimes Code does not define consent in relation to sexual activity. Consent under a general definition is permission or agreement, and Commonwealth University - Mansfield policy further defines consent as a voluntary, sober, wanted, informed, mutual, honest, active, verbal agreement. Consent is never implied and cannot be assumed, so the absence of “no” does not mean “yes”. Consent is explicitly communicated and is a reversible mutual agreement where all parties are capable of making a decision. Consent exists when all parties exchange mutually understandable affirmative words or behaviors indicating their agreement to participate voluntarily in sexual activity.
Each participant in a sexual encounter must obtain consent for all sexual activities. Consent to one form of sexual activity does not constitute consent to engage in all forms of sexual activity.

Consent consists of an outward demonstration indicating that an individual has freely chosen to engage in sexual activity. Relying on non-verbal communication can lead to misunderstandings. Consent cannot be inferred from silence, passivity, lack of resistance, or lack of response alone. A person who does not physically resist or verbally refuse sexual activity is not necessarily giving consent.

If at any time it is reasonably apparent that either party is hesitant, confused, or unsure, both parties should stop and obtain mutual verbal consent before continuing sexual activity.

Consent may be withdrawn by either party at any time. Once withdrawal of consent has been made through words or actions, sexual activity must cease.

An individual who is physically incapacitated from alcohol or other drug consumption (voluntarily or involuntarily), or is unconscious, unaware, or otherwise physically impaired is considered unable to give consent. For example, one who is asleep, passed out or unconscious cannot give consent.

Individuals with a previous or current intimate relationship do not automatically give either initial or continued consent to sexual activity. Even in the context of a relationship, there must be mutually understandable communication that clearly indicates a willingness to engage in sexual activity.

**COERCION**

Consent must be freely given. Consent is not freely given if there is the use or threat of physical force, intimidation, coercion, or any other factor that would cause an individual's ability to exercise his/her free will to be compromised. Coercion includes the use of pressure or oppressive behavior, including express or implied threats of harm or severe or pervasive emotional intimidation, which places the individual in fear of immediate or future harm or physical injury, or causes a person to engage in unwanted sexual activity. Coercion also includes administering drugs, intoxicants, or similar substance that impairs the person's ability to give consent.

**INCAPACITATION**

An individual is incapacitated when he/she is not able to make rational, reasonable judgements and is thus incapable of giving consent. Incapacitation is the inability, whether temporary or permanently, to give consent because he/she is mentally and/or physically impaired due to alcohol or other drug consumption, either voluntarily or involuntarily, or he/she is unconscious, asleep, or otherwise unaware that the sexual activity is occurring. An individual is also incapacitated if he/she demonstrates being unaware of where he/she is, how he/she got there, or why or how he/she became involved in sexual activity. Some indicators of incapacitation include, but are not limited to, lack of control over physical movements, being unaware of circumstances or surroundings, or being unable to communicate for any reason.
ALCOHOL AND OTHER DRUGS

Intoxication or impairment by alcohol or other drugs is never an excuse for sexual assault, sexual harassment, or other sexual misconduct, and does not diminish one’s responsibility to obtain consent. Alcohol and other drugs impair a person’s decision-making ability, awareness of the consequences, and ability to make informed judgements. The use of alcohol or other drugs can limit a person’s ability to clearly and voluntarily give consent and can create an atmosphere of confusion over whether or not consent has been clearly and voluntarily sought or given.

HARASSMENT AND NON-DISCRIMINATION POLICY

All members of the Commonwealth University - Mansfield community are protected by and subject to the University's Harassment and Discrimination Policy. This policy provides the framework for eliminating harassment and discrimination from the campus community, preventing its recurrence, and addressing its effects.

It is the policy of Commonwealth University - Mansfield to ensure a work, educational and residential environment dedicated to the ideals of equity, justice, and fairness; that is free of unlawful harassment and/or discrimination or the denial of equal employment opportunity because of race, color, religion, disability, ancestry, national origin, age, sex, veteran status, political affiliation or sexual orientation, including sexual harassment. In accordance with state and federal laws including Title VI of the Civil Rights Act of 1964, Section 1604 of Title VII of the Civil Rights Act of 1964, Executive Order 11246 and 11375, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Pennsylvania Human Relations Act and all other applicable legislation, Commonwealth University - Mansfield prohibits and will not tolerate unlawful harassment and/or discrimination on the basis of an individual's race, ethnicity, color, religion, sex, sexual orientation, national origin, ancestry, disability, age, veterans status, political affiliation or other factors.

Commonwealth University - Mansfield is responsible for educating all of its students, faculty and staff about what constitutes unlawful harassment and discrimination because they diminish the value of human dignity and are contrary to Mansfield’s policy of respecting all individuals regardless of belief or status; and what steps will be taken to resolve complaints.

Conduct will be deemed harassing and/or discriminatory in accordance with and as defined in applicable state and federal statutes and case law decisions.

**Discrimination** - A behavior, action or practice that results in an allegation of different treatment, whether intended or unintended, based on age, color, disability, gender, marital status, national origin, race, religion, sex, sexual orientation, veteran status, political status, or ethnicity. Discrimination may also occur when a requirement, qualification or factor which, taken at face, is not discriminatory on the basis of the protected groups but which results in the exclusion or restriction of a protected group.

**Harassment** - Behavior intended to harass, annoy, or alarm another person that can include but not be limited to: strikes, shoves, kicks or other forms of physical contact, including threats to do the same; stalking or repeatedly following a person in or about a public place or places; engaging in
a course of conduct or repeatedly committing acts that have no legitimate purpose, which harm or seriously annoy another person.

**Racial Harassment** - Verbal or physical conduct that is directed at an individual because of his/her race, color, national origin, ancestry or ethnicity, that is sufficiently severe or pervasive and has the effect of creating an intimidating, hostile or offensive work or educational environment, which unreasonably interferes with work or educational performance, or negatively affects an individual's employment or educational opportunities.

**Disability Harassment** - Verbal or physical conduct that is directed at an individual because of his/her disabling mental or physical condition that is sufficiently severe or pervasive and has the effect of creating an intimidating, hostile or offensive work or educational environment, which unreasonably interferes with work or educational performance, or negatively affects an individual's employment or educational opportunities. Section 504 of the Rehabilitation Act of 1973 provides that "no otherwise qualified individual with a disability shall, solely by reason of her/his disability, be excluded from the participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving federal assistance." Commonwealth University - Mansfield is committed to making reasonable accommodations so that students with disabilities are able to fulfill academic requirements.

**Sexual Harassment** - Unwelcome gender related behavior, including unwelcome sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature when submission to such conduct is made either by an explicit or implicit term or condition of an individual's employment or education; submission to, or rejection of such conduct by an individual is used as a basis for employment or academic decisions affecting such individuals; or such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or of creating an intimidating, hostile or offensive working, education or living environment. The U. S. Department of Education Office for Civil Rights further defines sexual harassment as verbal or physical conduct of a sexual nature, imposed on the basis of sex, by an employee or agent of a recipient of federal funds that denies, limits, provides different conditions or provision of aid, benefits, services, or treatment protected under Title IX.

Assistance in implementation, dissemination and explanation of this policy may be obtained by contacting the university's Multicultural Affairs Officer, Alumni Student Center Room 311: 570-662-4071.

Anyone who is a victim of a sexual assault should get to a safe place as soon as possible and contact the **University Police Department at (570) 662-4900, 104 Doane Center.** Reporting it to police does not require that the victim must prosecute the assailant. The choice of initiating and/or continuing with either a criminal or a campus judicial proceeding is the victim's choice. The police department will assist in reporting the assault and in contacting the Advocacy Program Coordinator and the Associate Director of Residence Life whenever appropriate and if approved by the victim. All physical evidence should be preserved -- the victim should not shower or bathe, use the bathroom, brush teeth, drink or eat anything, or change clothes if it can be avoided. If necessary to change clothing, all clothing should be put into a paper bag. The University Police Department will also arrange for medical treatment and for transportation to the nearest hospital. Treatment at the emergency room will include the following: assessment and treatment of any internal or external physical injuries; beginning of testing for sexually transmitted diseases, human immunodeficiency
virus (HIV), and pregnancy; collection of physical evidence. The victim may or may not choose to prosecute, but preserving the evidence will give the option to do so later. The University Police Department will also provide the victim with the Pennsylvania Victim’s Bill of Rights brochure that outlines the rights and services available to victims of crime in Pennsylvania.

If the victim chooses not to contact police to report, the victim should know that there are other options available. The Women’s Resource Center in 301 Alumni, (570) 662-4939, can assist in arranging for medical treatment and transportation to the nearest hospital. The Women’s Center provides support and outreach; support and accompaniment to medical, legal, judicial, and counseling appointments and proceedings; options counseling; referrals to other offices providing services; community education, consultation, and speaking engagements, and if requested and reasonably available, assistance with changes in academic and/or housing situations. The Director of Housing & Residence Life, (570) 662-4342, will also assist with changes in housing.

The victim may also choose to contact the Office of Student Conduct at (570) 662-4936, 326 Alumni Hall. If a victim has been assaulted on or off campus by a student of the university, the victim has the option of university judicial action. This should be discussed with the Campus Judicial Officer, or the Advocacy Program Coordinator. They can help the victim in reviewing the procedures. Discussions are confidential and do not obligate the victim to pursue any action with the University. Procedures are also outlined in the student handbook, The Mountie Manual.

In the university judicial proceeding, the accuser and the accused are entitled to the same opportunities to have others present during the proceeding, and both the accuser and the accused shall be informed of the outcome of any campus disciplinary proceeding brought alleging a sexual assault.

The Housing & Residence Life and the University Police Department sponsor and coordinate educational programming for students regarding sexual assault awareness and prevention, and personal safety and security. Information about these programs can be obtained by contacting the Women’s Resource Center Coordinator, (570) 662-4939, the Director of Housing & Residence (570) 662-4342, or the Chief of Police at (570) 662-4900.

If the assault occurs off-campus, victims are encouraged to report the crime to the local police by calling 911. The University will assist the victim in notifying police and an advocate from the university can be made available to accompany the victim throughout any proceedings.

When the victim chooses to go forward with a criminal prosecution, the Tioga County District Attorney’s office, (570) 724-1350, will provide a Victim/Witness coordinator to be a contact person. The Victim/Witness Coordinator gives support and information regarding the criminal justice system.

The Student Code of Conduct is a guide to the standards of conduct required for a learning community in which members pursue their goals. This code provides much of the detailed behavioral guidelines students are responsible for knowing. The policies published on Commonwealth University - Mansfield’s website supersede all previously published policies. All students should read the contents and become familiar with the information; students are responsible for knowing the material in this book. UNIVERSITY JUDICIAL REFERRALS FOR DISCIPLINARY ACTION

The referral of any student for disciplinary action for weapons, alcohol or drugs, which initiates an action for which a record is kept and which may result in the imposition of a sanction, is published in the Commonwealth University - Mansfield’s Annual Security and Fire Report.

The University will, upon written request disclose to the alleged victim of any crime of violence, or a non-forcible sex offense, the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense with respect to such crime or offense.

If the alleged victim of such crime or offense is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim.
PROCEDURE FOR REPORTED SEXUAL MISCONDUCT INCIDENTS

For complaint by student against student:

Every formal complaint of sexual misconduct, a violation of the Student Code of Conduct, will be handled in accordance with the procedures described herein:

Complaint

1. Any student, faculty member, staff member or University administrator may file a formal complaint against a student alleging a violation of the Student Code of Conduct.

2. If the complaint relates to conduct involving alleged sexual discrimination or sexual misconduct, the matter will be referred to the Title IX Coordinator. The Title IX Coordinator will, barring extenuating circumstances, strive to complete the investigation within 60 days of receiving the report. Once the investigation is completed, the Community Conduct Officer will determine if the complaint will go to a Student Conduct Hearing Board.

3. The Complainant and Respondent will both be contacted by the Title IX Coordinator to schedule a Sexual Misconduct investigation. Both parties will have the opportunity to supply witnesses to also be interviewed in the investigation.

4. After all parties are interviewed by the Title IX Coordinator or Title IX Deputy, the Community Conduct Officer and Service Coordinator will review the Title IX investigation completed by the Title IX Coordinator or Title IX Deputy. The complainant and the respondent will both be informed if the Community Conduct Officer determines that no grounds or insufficient grounds exist to believe that a violation occurred and dismisses the complaint.

5. The complainant and respondent will both be informed if a hearing is scheduled for the student against whom the complaint has been made and that he or she may attend the hearing. Upon request, the complainant will be provided with a copy of the notice of the complaint sent to the student.

6. Both the complainant and respondent will be informed that he or she may have one other support person or an attorney present at the hearing, but this person will be an observer only and cannot participate. The student must inform the Community Conduct Officer at least two business days prior to the hearing if a support person or an attorney will be present.

7. If the complainant or respondent believes that there are witnesses in addition to those listed in the tentative list of potential witnesses provided to the student who should testify at the hearing, he or she must notify the Community Conduct Officer in writing of the identity of those witnesses and the expected nature of their testimony. The complainant may request to review copies of all written evidence that the Community Conduct Officer has which may be presented at the hearing. If the complainant has additional written evidence that he or she desires to be presented at the hearing, he or she must provide copies to the Community Conduct Officer. Any notice regarding witnesses or copies of written evidence must be provided to the Community Conduct Officer at least five business days prior to the scheduled date of the hearing. The Community Conduct Officer will decide prior to the hearing whether to present the additional witnesses or written evidence.
suggested by the complainant and inform the complainant of the decision as soon as possible prior to the start of the hearing.

8. The report completed by the Title IX Coordinator or Title IX Deputy will be presented by the Community Conduct Officer and Service Coordinator or the Title IX Coordinator or Title IX Deputy at the University Conduct Board Hearing to the Hearing Board. The Hearing Board will make a determination of “In Violation” or “Not in Violation” based on a preponderance of evidence of the facts presented in the Title IX Report.

9. If the complainant or respondent are witnesses at the hearing, the students will not be permitted to directly question or cross-examine one another. If the student wants to present questions to the complainant or respondent, he or she must write the questions down and ask the Chair of the Student Conduct Hearing Panel to ask them. The decision of whether to ask these questions shall be made by the Chair.

10. The complainant and the respondent will simultaneously be sent a copy of the written decision of the Student Conduct Hearing Board.

11. The access of the respondent and the complainant to information about the other may be limited by the Family Educational Rights and Privacy Act (FERPA), 20 USC 1232g or other laws relating to confidentiality or privacy, and in some cases, these procedures may be adjusted to comply with such laws.

11. If the complaint relates to conduct involving alleged Sexual Discrimination or Sexual Misconduct, the complainant and respondent will be informed in writing:
   A. if either student appeals, they have the opportunity to provide a written statement setting forth why the student believes the decision and sanction should be upheld;
   B. that he or she may appeal the decision, in accordance with the same time periods, procedures, and grounds for appeal set forth below.
   C. both the Respondent and the Complainant have the ability to appeal the decision and sanctioning of the University Conduct Hearing Board.

A Sexual Misconduct Hearing must be completed within 90 days after a complaint is made

Possible Sanctioning for Gender based discrimination and Sexual Misconduct can range from:
   • Disciplinary Probation
   • Suspension
   • Dismissal

Appeal Process

If the student wants to appeal the decision of the Student Conduct Administrative Hearing or the Student Conduct Hearing Board, the following process applies:

1. The respondent or complainant must deliver a written letter of appeal to the Vice President for Student Affairs. The letter of appeal must set forth why the students believes the decision or sanction should be over turned or modified, based on one or more of the grounds set forth below. The letter of appeal must be postmarked or hand delivered within ten (10) days after the decision of the Student Conduct Hearing Board or the Student Conduct Administrative Hearing results were delivered to the student.

2. Appeals are limited to the following grounds:
   a. Whether the decision is in accordance with the facts presented.
   b. Whether the decision was reached through a procedure in accordance with the Student Code of Conduct.
c. Whether the sanction is appropriate for the conduct violation.
d. Whether new information not available at the time of the Student Conduct Conference or Student Conduct Hearing should be considered, and if so, what impact does the new information have on the decision?

3. The Vice President for Student Affairs will review all of the materials submitted by the student, will review the University file on the matter, may review the recording of the Hearing Board, and may interview the student and/or other relevant persons. If the student has submitted new information allegedly not available at the time of the Student Conduct Conference or Student Conduct Hearing, the Community Conduct Officer will receive a copy of the new information and may present a response or other additional information related the student’s new information. The student will receive a copy of or be present for the presentation of any such information from the Community Conduct Officer.

4. The Vice President for Student Affairs will determine whether the decision of the Student Conduct Conference or Student Conduct Hearing Panel will be upheld, whether there should be a reduced sanction, or whether the case should be remanded to the Hearing Panel for an additional hearing. The decision of the Vice President for Student Affairs will be put in writing and a copy will be sent to the student via regular U.S. mail. The Vice President for Student Affairs will issue the decision within ten (10) calendar days of the date of receipt of the student’s appeal letter if possible.

5. If the complaint relates to conduct involving alleged sexual discrimination or sexual misconduct, the complainant will be informed in writing:
   A. if the student appeals and have the opportunity to provide a written statement setting forth why the student believes the decision and sanction should be upheld;
   B. that he or she may appeal the decision, in accordance with the same time periods, procedures, and grounds for appeal set forth above.

6. At the conclusion of the appeal process, all records of the proceedings will be returned to the Community Conduct Officer for storage and retention in accordance with University policy and applicable law.

For complaint against employee (faculty or staff):

1. Any student, employee or other University community member may file a formal complaint against an employee alleging a violation of the Non-Discrimination policy, including sexual discrimination or misconduct by contacting the Social Equity Office.

2. If the complaint related to conduct involving alleged sexual discrimination or misconduct, the matter will be referred to the Title IX Coordinator.

3. The Title IX Coordinator will assign an investigator to meet with the Complainant and Respondent and conduct an investigation. The Complainant and Respondent will be informed that each of them may have a support person, acting as an observer but not a participant, present during the various phases of the investigative proceedings. Both parties will have the opportunity to supply the names of witnesses who will also be interviewed in the course of the investigation.

4. At the conclusion of the investigation, a fact-finding report will be prepared by the investigator and shared with the Title IX Coordinator.

5. If no grounds or insufficient grounds exist to support a finding (based on the preponderance of the evidence) that a violation occurred, the Complainant and Respondent will be notified simultaneously of the determination and the complaint will be dismissed.

6. If the investigator concludes that sufficient grounds exist to support a finding (based on the preponderance of the evidence) that a violation occurred, pre-disciplinary and final
disciplinary hearings will be conducted in accordance with the University’s Non-Discrimination Policy and any applicable collective bargaining agreement. All determinations will be made based upon the preponderance of the evidence standard.  

7. The final determination may be appealed through the processes set forth in the policies for non-represented employees or those contained in the respective collective bargaining agreements. The determination is final only after the available appeal mechanisms have been exhausted or the time to appeal has elapsed.

Discipline, up to and including termination from employment, may be imposed.

MISSING RESIDENTIAL STUDENT NOTIFICATION POLICY

As required by the Higher Education Opportunity Act of 2008, and consistent with Commonwealth University - Mansfield’s commitment to student safety, this policy establishes procedures in the event that a residential student is presumed missing. The purpose of the missing student notification policy is to respond to missing residential student alerts in a timely manner. While the scope of policy and procedures is primarily within Student Affairs and the University Police Department, all members of the university community – employees and students – are encouraged to report to The University Police Department at 570-662-4900 when they believe that a student is missing. It is the policy of Commonwealth University - Mansfield to thoroughly investigate all reports of missing persons. Additionally, the University maintains that every person reported as missing will be considered at risk until significant information to the contrary is confirmed. All official missing student reports are to be referred immediately to The University Police Department.

All resident students are given the option of providing confidential contact information in the event that he/she is reported as missing. If so, the University will use the information provided for the following purposes:

- Notify the contact person provided by the student
- Notify the student’s parent or guardian if the student is under 18
- Notify the appropriate law enforcement officials in the event no contact information is supplied

Providing confidential contact information is strictly voluntary and all information provided will be kept confidential. The information provided will be added to student records for access in case of emergency.

The objectives of the Residential Missing Student Policy include the following:

1. Clearly define the reporting protocol when a residential student is presumed missing
2. Announce reporting requirements
3. Establish procedures for implementing the policy

A residential student is defined as a person who resides in on-campus housing, has a signed housing contract, and is currently enrolled in the university. A residential student is presumed
missing if he/she is unaccounted for in excess of 24 hours. The organizations to which individuals should report that a student has been missing for 24 hours are:

1. The Office of Housing and Residence Life
2. University Police Department

The responsibilities of the University Police Department include the following:

1. Provide notification of this policy in the Annual Safety and Security Brochure.
2. Publish this policy university-wide through the Annual Safety and Security Brochure.
3. Investigate when a resident student is reported missing, including coordinating with Student Affairs and Residence Life personnel. Investigation will include notifying all external agencies including issuing a report in the form of a BOLO (be-on-the-lookout) with missing person’s information including a picture. The investigating officer will also post information to NCIC issuing an alert for missing person.
4. Initiate emergency contact procedures, including notifying designated confidential contact persons, custodial parents, legal guardians, university officials, and inform appropriate law enforcement agencies.
5. Inform university employees, who receive a report that a student is missing, or has independent information that a student is missing, that they should immediately report the information or evidence to the University Police Department.
6. Upon receipt of a report of a presumed missing person, notify the Office of Housing and Residence Life, whose staff will determine whether the missing person is a residential student.
7. If the student is determined to be missing, The University Police Department will provide information to relevant outside law enforcement agencies including, if known, those operating in the student’s normal routes of travel or hometown.
8. Notify all law enforcement agencies involved of status reports during the course of the investigation.
9. Encourage the person making the report to report the missing person to local police if appropriate.
10. The Office of Housing and Residence Life will assist in the communication about and investigation of a student presumed missing by notifying The University Police Department of a missing student and acting to locate the student.

The responsibilities of the Office of Housing and Residence Life include the following:

1. Inform residential students via e-mail at the start of every academic semester of the option of registering a confidential contact person through the Office of Housing and Residence Life to be notified by the university 24 hours after the time the student is determined to be missing. Only authorized campus officials and law enforcement officers in furtherance of a missing person investigation may have access to this information.
2. Inform residential students under the age of 18 and not emancipated that The University Police Department is required to notify custodial parents or legal guardians within 24 hours after the time a student is determined to be missing.
3. Conduct a preliminary investigation to verify the situation and determine the circumstances which exist relating to the reported missing residential student, including the following:
4. Report findings to The University Police Department for appropriate continued follow up

Even if students have not registered a contact person local law enforcement will be notified that the student is missing. Parents or guardians of students less than 18 years of age and not emancipated will be contacted. The responsibility of residential students is to ensure that their contact information is current and accurate.

If an off-campus, non-campus, and/or commuter student is reported missing to The University Police Department, immediate notification will be made to the appropriate jurisdiction. The University Police Department will assist external authorities with these investigations as needed.

**EMERGENCY NOTIFICATIONS**

If the University Police Department confirms that there is an emergency or dangerous situation that poses an immediate threat to the health and safety of some or all members of the campus community, the Department will use some or all of the systems described below to communicate the threat to the community or to the appropriate segment of the community, if the threat is limited to a particular building or specific location of campus.

**EMERGENCY/EVACUATION PROCEDURES**

The University will immediately notify the campus community in the event of a significant campus emergency or dangerous situation involving an immediate threat to the health and safety of students and/or employees such as fire, personal injury, sickness, death, building collapse or explosion, natural disasters, and bomb threats via the following:

**Commonwealth University - Mansfield – Main Campus**

The persons responsible for the university emergency notification process include:
1. University Police Department Shift Supervisor
2. Chief of Police
3. Provost
4. Associate Vice President of Student Life
5. President

During an emergency, building occupants may be required to stay safely sheltered where they are located unless there is a specific threat within the building that requires them to exit. Police and other emergency personnel responding to the emergency will instruct occupants on what to do. If sheltering in place, all students and employees must remain in the building until such time as the emergency status has been lifted. Notification of an “All-Clear” will be transmitted through all above listed available communications methods.

The University will without delay, and considering the safety of the community, determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

The University is connected to a network of police and other emergency services via a County Emergency Communications Center that allows police and other emergency personnel to coordinate their response across agencies.

Access to campus by outside constituents may be denied during the emergency.

The University's Office of Public Relations will be responsible for disseminating information to the larger community.

**LOCK-DOWN INFORMATION**

A lockdown at a college campus refers to the securing of the exterior doors to a building. Shelter-in-place refers to the securing of the interior classroom and common area doors.

During a Lock-Down situation, all persons on the campus property are asked to secure the outside entrance doors and shelter-in-place. During a crisis or major emergency, faculty, staff and students are encouraged to follow the instructions provided by the MU Emergency Alert systems. The goal of the Lock-Down Policy/Procedure is to Stay Informed/Stay Safe. Get the emergency message, get to a safe location and wait for more information. Prepare now to learn and practice your own personal emergency plan. Learning where to find information, as well as becoming aware of
building evacuation procedures for not only those buildings where you live or work, but for those that you visit during the course of your day is vital.

Along with the above listed information, the Commonwealth University Police suggest you consider the following information in the event of an active shooter situation occurring on one of our campuses. The University has taken a proactive approach to preparing for this type of emergency by raising awareness, implementing drills, performing procedural reviews, and undertaking practical training both internally and in cooperation with our local, state, and federal law enforcement partners. Please take a moment at the beginning of this new semester to talk to your students and co-workers about active shooter responses.

Our officers will continue to offer active assailant shooter training on a regular basis and as requested by faculty, staff and students. The best way to stay safe is to always be aware of your environment and any possible dangers. Remember, the fundamental practice in an active shooter scenario is to **Run, Hide, Fight**.

**Emergency Numbers**
1. University Police Department: 570-662-4900
2. Emergency Line: 911

**Active Shooter Situation: How to Respond**

**Run**
1. Have a primary and a secondary escape route and plan in mind.
2. Leave your belongings behind.
3. Evacuate the area, even if others don’t agree to follow.
4. Help others escape if you can do so safely.
5. Don’t attempt to move the wounded.
6. Prevent others from entering the area.
7. Keep your hands visible.
8. Call for help, the police or 911

**Information you should provide to police or 911 operator**
- Location of active shooter and victims
- Number of shooters
- Physical description of shooter(s)
- Number of and the type of weapon being used
- Number of potential victims in the location

**Hide**
1. Hide in an area out of the active shooter’s view.
2. Try to pick an area that gives you other options of escape, such as a window or second door.
3. Lock the door or block entry to your hiding place.
4. Silence your cell phone (including vibrate mode) and remain quiet.

**Fight**
1. Fight as a last resort, and only when your life is in imminent danger.
2. Attempt to incapacitate the shooter
3. Act with as much physical aggression as possible.
4. Improvise weapons, or throw items at the active shooter.
5. If you are able to remove the weapon, secure it and separate yourself from it.
6. Commit to your actions — your life depends on it.

**What to do when help arrives**
1. Remain calm and follow instructions from the officer(s).
2. Immediately raise hands and spread fingers.
3. Keep hands visible at all times.
4. Avoid making quick movements toward officers, or holding onto them for safety.
5. Avoid pointing, screaming or yelling.
6. Do not stop to ask officers for help or directions when evacuating — just proceed in the direction from which officers are entering premises.

**Please note:** The first officers to arrive on the scene will not stop to help the injured. Expect rescue teams to follow initial officers. These rescue teams will treat and remove the injured. Once you have reached a safe location, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave the area until law enforcement authorities have instructed you to do so.

It is your responsibility to immediately report an emergency, suspicious activity, or any situation or troubling person that is causing serious anxiety, stress or fear. Program the University Police Department number 570-662-4900 as well as 911 into your personal phones. Become familiar with the Emergency Blue Light phones strategically located on campus; these phones connect directly to Tioga County Communications 911.

Additional details regarding MU’s emergency preparedness can be found at www.mansfield.edu/environmental-health-safety/.

**TESTING OF EMERGENCY RESPONSE AND EVACUATION**

Information is provided to students and employees regarding the emergency response and evacuation procedures and testing of all levels of the emergency response and notification is conducted every semester. Following testing, surveys are also distributed to students and employees to seek input on communication improvements and to upgrade emergency procedures. Detailed information is available from the Office of Environmental Health & Safety by calling 570-662-4906 or by going to www.mansfield.edu/environmental-health-safety/.

**COMMONWEALTH UNIVERSITY-MANSFIELD CRIME STATISTICS DEFINITIONS**

**Aggravated Assault** - An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

**Arrest** - Persons processed by arrests, citation or summons.

**Arson** - Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

**Burglary** - The unlawful entry of a structure to commit a felony or a theft.

**Category of Fire** - For HEA purposes, there are three categories of fire:

- **Unintentional Fire**: A fire that does not involve an intentional human act to ignite or spread fire into an area where the fire should not be.
- **Intentional Fire**: A fire that is ignited, or that results from a deliberate action, in circumstances where the person knows there should not be a fire.
- **Undetermined Fire**: A fire in which the cause cannot be determined.

**Cause of Fire** - The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure or act of nature.

**Consent** - In relation to sexual activity, the Title IX office of Commonwealth University-Mansfield defines consent as words or actions that demonstrate an affirmative, knowing and voluntary
agreement to engage in a mutually agreed-upon sexual act. Consent must be informed and freely given. Consent is invalidated when it is forced, coerced, or when a person is physically and/or mentally incapable of giving consent. For example, a person who is substantially impaired by drugs or alcohol may not be able to consent. Some signs of substantial impairment may include, but are not limited to, loss of balance/ability to walk without stumbling, slurred speech, inability to focus their vision, vomiting, erratic or extreme behavior, knowledge of person’s significant use of drugs or alcohol, or passing out. Consent is an active, on-going process. It can be withdrawn at any time, and consent for one sexual act does not imply consent for another subsequent sexual act. Consent, a lack of consent or a withdrawal of consent can be expressed by words or actions or both. For example, verbal silence or the absence of physical resistance does not automatically mean someone has consented to a sexual act; nor is physical Definitions resistance required for a person to verbally communicate a lack of consent or to withdraw consent. In relation to this, there is no Pennsylvania state definition.

**Dating violence** - Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

(i) The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

(ii) For the purposes of this definition:

(A) Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

(B) Dating violence does not include acts covered under the definition of domestic violence.

(iii) Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting. There is no Pennsylvania state definition for dating violence.

**Destruction/Damage/Vandalism of Property** - To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

**Domestic violence** –

(i) A felony or misdemeanor crime of violence committed:

(A) By a current or former spouse or intimate partner of the victim;

(B) By a person with whom the victim shares a child in common;

(C) By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;

(D) By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred;

(E) By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

(ii) Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting. There is no Pennsylvania state definition for domestic violence.

**Drug abuse violations** - The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics - manufactured narcotics which can cause true addiction (Demerol, Methadone); and dangerous nonnarcotic drugs (barbiturates, Benzedrine).
Fire - Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Fire-related death - Any instance in which a person:

1. Is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or
2. Dies within one year of injuries sustained as a result of the fire.

Fire-related injury - Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of the fire. The term “person” may include students, employees, visitors, firefighters, or any other individuals.

Hate Crime - a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. Although there are many possible categories of bias, under the Clery Act, only the following eight categories are reported:

i. Race. A preformed negative attitude toward a group of persons who possess common physical characteristics, e.g., color of skin, eyes, and/or hair; facial features, etc., genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind, e.g., Asians, blacks or African Americans, whites.

ii. Religion. A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, atheists.

iii. Sexual Orientation. A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation. Sexual Orientation is the term for a person’s physical, romantic, and/or emotional attraction to members of the same and/or opposite sex, including lesbian, gay, bisexual, and heterosexual (straight) individuals.

iv. Gender. A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., male or female.

v. Gender Identity. A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals. Gender non-conforming describes a person who does not conform to the gender-based expectations of society, e.g., a woman dressed in traditionally male clothing or a man wearing makeup. A gender non-conforming person may or may not be a lesbian, gay, bisexual, or transgender person but may be perceived as such.

vi. Ethnicity. A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term “race” in that “race” refers to a grouping based mostly upon biological criteria, while “ethnicity” also encompasses additional cultural factors.

vii. National Origin. A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people that have a name or accent associated with a national origin group, participate in certain customs associated with a national origin group, or because they are married to or associate with people of a certain national origin.

viii. Disability. A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.
For Clery Act purposes, Hate Crimes include any of the following offenses that are motivated by bias: Murder and Nonnegligent Manslaughter, Sexual Assault, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Larceny-Theft, Simple Assault, Intimidation, Destruction/Damage/Vandalism of Property. In addition to those offenses, Larceny-Theft, Simple Assault, Intimidation, and Destruction/Damage/Vandalism of Property are included only if they are Hate Crimes.

**Intimidation** - To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

**Larceny-Theft** - The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Constructive possession is the condition in which a person does not have physical custody or possession, but is in a position to exercise dominion or control over a thing.

FIRE SAFETY

The Commonwealth University - Mansfield student housing facilities are each equipped with automatic smoke and heat detection systems, which upon sensing a fire or smoke condition, report directly to the University Police Department, by a direct communication system. MU Police department is staffed 24 hours a day, 7 days a week. Upon notification of an alarm, University Police Department staff respond to the location of the alarm to determine if additional resources are required. When maintenance and safety staff are available, they are notified to respond to the location as well. Each residence hall is equipped with fire sprinkler systems which provide full building coverage. Each sleeping room is equipped with a smoke detector, audible base alarm, voice speaker system and sprinkler head for detection, notification and suppression purposes. The fire alarm systems are tested by an outside contractor annually to assure the equipment is operating properly. The fire sprinkler systems are tested semi-annually as well and reports electronically through the fire alarm system.

Fire drills are held in each residence hall monthly at varying times when the halls are at regular occupancy during the semester. These drills include full evacuation of the building by use of the fire alarm systems. Random room checks are performed to assure evacuation compliance. During the first fire drill of each semester housing staff are trained on the proper evacuation procedures of each residence hall. Following this training the housing staff report to the various floors of the buildings to direct students on the proper evacuation routes.

- Evacuation maps are posted at each exit pathway throughout the building, and indicate the locations of the building fire extinguishers.
- Commonwealth University - Mansfield has a policy prohibiting the use of portable electric appliances, smoking, and open flame in the residence halls.
- Resident Assistants are provided training on fire safety at the beginning of each semester and then pass on the information during scheduled floor meeting within each building.
- Member of the residence life staff are provided hands on fire extinguisher training at the beginning of each fall semester.

Fire safety education and training programs for students and employees are provided by the Environmental Health and Safety Office.

2. Cause of any fires that occur
3. The number of injuries or deaths
4. The value of property damage that is related to each fire occurrence
5. Any cases of arson that occurred
6. The number of fire drills that were performed in each residence hall
7. The number of reported fire alarms in each residence hall

Future Improvements to Fire Safety Systems

Commonwealth University - Mansfield will enhance the systems as improvements are available through technologies and systems improvements. Also, any hazards that are identified as a new unknown fire hazard will be addressed through the Environmental Health & Safety Office in conjunction with the Residence Life, Maintenance, and other university staff and departments. MU will continue to work with local emergency responders to enhance their knowledge of the university facilities, fire detection, suppression and access systems.

Continuous monitoring of the changes in building and fire codes associated with residence halls is important to identify needed updates. Monitoring reports and recommendations from groups such as NFPA, UL, Campus Fire & Safety, and other safety organizations will be the basis for improvements to existing systems.

THE MANSFIELD CREED

At Mansfield University, we develop leaders.

We accomplish this by focusing on the four core values that have been our tradition since 1912: Character, Scholarship, Culture, and Service.

CHARACTER

We believe in integrity. We act with honesty and respect toward others. We take responsibility for our actions and reflect on their impact on ourselves and others.

SCHOLARSHIP

We believe in learning. We use rigorous, responsible, and critical inquiry to understand existing knowledge, acquire and share new knowledge, and apply what we learn. Each of us is both student and teacher.

CULTURE

We believe in celebrating humanity. We enrich ourselves and others by sharing and exploring our similarities and differences. We honor the past as we invent the future.

SERVICE

We believe in helping others. We work with others to improve the communities in which we now live and will touch in the future. Knowledge invests us with the power to improve our world and the responsibility to act.

In 1912, our student body adopted the above words, emphasizing their order: “Character as the essential, Scholarship as the means, Culture as the enrichment, and Service as the end of all worthy endeavor.”

Developed by the Leadership Committee of the Focus on Student Learning Forum; last revised May 19th, 2004.
