Please read this form thoroughly before submitting request. The housing requirement has been implemented for the following purposes: a) support student academic success; b) enhance student development; and c) assist students in making a smooth transition to university life. An exemption request is only considered when a student has not yet signed up for housing, but is seeking to be exempt from the University Housing Requirement.

## University Policy Regarding Requirement

Mansfield University believes that students who stay in our residence halls will benefit from the residential living experience as an integral elements of student engagement and educational success. Thus, all first- and second-year students are required to live in residence halls and participate in a University-provided dining plan. Living on campus is an important part of the college experience.

Studies have shown that on-campus residents are more likely to succeed in academia and benefit from the social opportunities that are offered. For these reasons, like many public and private colleges and universities, Mansfield University has implemented an on-campus residency requirement for first-year and second-year undergraduate students, unless an exemption is granted.

This policy applies to traditional first- and second-year students and international students. It also applies to transfer students who have not completed two years of on-campus residency at another university (post high school) and readmitted students as well. Students fulfill the requirement after spending two years living and dining on campus (post high school).

**NOTE:** Academic credit hours and/or class status do not exempt one from the policy.

Exemptions include:

- A student who is living with a parent or legal guardian at their permanent address within a 50-mile radius of Mansfield University.
- A transfer student who has lived on campus for at least four (4) semesters at a previous institution.
- A student who is married.
- A student who is 21 years of age or older.
- A student who is the parent or legal guardian of a dependent child.
- A student who served in the military and has been honorably discharged.
- Other (must include written description of reasoning, as well as supporting documentation).

**Those students who qualify and wish to be exempt from the Housing & Dining Requirement will need to complete an Exemption Form. This request must either be completed on the student's MyHousing account, by selecting the Exception Form application under the "Applications" tab or by completing the Housing & Dining Requirement Exemption Request Form on the last page of this document.**

**The student will be notified in writing, via Mansfield University e-mail, regarding the status of the request, as well as if additional documentation is needed.**
