## Housing & Dining Requirement

Mansfield University believes that students who stay in our residence halls will benefit from the residential living experience as an integral element of student engagement and educational success. Thus, all first- and second-year students are required to live in residence halls and participate in a University-provided dining plan. Living on campus is an important part of the college experience.

Studies have shown that on-campus residents are more likely to succeed in academia and benefit from the social opportunities that are offered. For these reasons, like many public and private colleges and universities, Mansfield University has implemented an on-campus residency requirement for first-year and second-year undergraduate students, unless an exemption is granted.

This policy applies to traditional first- and second-year students and international students. It also applies to transfer students who have not completed two years of on-campus residency at another university (post high school) and readmitted students as well. **Students fulfill the requirement after spending two years living and dining on campus (post high school).** Academic credit hours and/or class status do not exempt one from the policy.

Those students who qualify and wish to be exempt from the Housing & Dining Requirement will need to complete an Exemption Form. This request must be completed on the student's MyHousing account, by selecting the Exception Form application under the "Applications" tab. The student will be notified in writing (Mansfield University E-Mail) regarding the status of the request, as well as if additional documentation is needed.\*

\*All rationale and documentation related to exemptions should meet the high standards of the Character (integrity) standard of the Mansfield Creed.
