Dear Students, Parents, and Guardians:

Mansfield University, along with the consortium of health center administrators throughout the State System of Higher Education, is pleased to provide the enclosed informational brochure about our Student Injury and Sickness Insurance Plans for 2012-2013. The insurance plan is offered through Consolidated Health Plans (CHP). The University strongly recommends that all students have appropriate accident and sickness insurance coverage.

Although the Campus Clinic provides on campus care offering a variety of ambulatory health services, we are unable to offer full, comprehensive health care. Any medical care received at any other medical facility such as a hospital, laboratory or emergency room is the responsibility of the student. Therefore, acquiring health and accident insurance is crucial to meeting your expanded health care needs.

For students who enroll in the plan:

- The annual policy period is effective from August 9, 2012 – August 8, 2013. (See the brochure for individual semester effective dates.)
- The annual insurance plan can be purchased on-line at https://consolidatedhealthplan.com/group/161/home or, if you wish, in smaller increments: fall, spring/summer, or summer only sessions.
- Personalized identification cards will be issued to each student participating in the plan.
- Additionally, CHP offers a discount prescription card for purchase that can save you up to 35% on your prescriptions.
- The deadline for fall enrollment is September 21, 2012.

International students must:

- Enroll in this plan unless you can show proof of other comparable coverage. Health insurance is a mandatory requirement for all international students as directed by the United States Citizenship and Immigration Services, formerly INS.
- In addition, the optional catastrophic coverage is strongly suggested for everyone and is required for students with J-1 and F-1 visas who enroll in the program.

If you are not currently covered by an insurance plan, please carefully read the enclosed brochure. If you desire more details, you may review the complete plan on-line at https://consolidatedhealthplan.com/group/161/home or call CHP at (800) 633-7867. If you wish to enroll, please complete the enclosed enrollment card and mail it directly to Consolidated Health Plans with your payment to the address below:
