

FIRST-YEAR AND NEW ON-CAMPUS STUDENT HOUSING SELECTION PROCEDURES

(Not currently residing in on-campus housing)

Please read carefully!

Welcome future on-campus housing residents! Mansfield University students who do not currently live on-campus can begin registering/selecting 2019-2020 housing on **Monday, October 1, 2018 at 12:00PM**. Research shows that the benefits of the on-campus residential experience have great positive impact on first-year students, directly helping transition from living at home to university life. Second-year students benefit from the continued stability of campus residential life to support their academic and social development. This is often translated into success in completing college and doing so more often in four years. For these and many more reasons, **all 1st and 2nd year students (including Transfer students) are required to live on-campus (some exemptions apply).**

NEW IN 2019 – the First-Year Residential Experience (FYRE)! In an effort to ensure that First-Year students have a smooth transition into university life, Student Living is designing a community that will facilitate opportunities for students to become exposed to essential intellectual and co-curricular opportunities allowing them to become engaged during their time living on-campus.

The FYRE program will provide the opportunity for incoming first-year students to live with one another and create new friendships. It is a great way for incoming first-year students to begin their Mansfield University experience! Students will have the opportunity to meet many of their classmates and develop lasting friendships, attend interesting and engaging activities specific to the unique needs and interests of first-year students, and learn valuable information about life on campus.

The FYRE program will be offered on a first-come, first-serve basis based on application!
